| <b>Product Specifications</b>          |  |
|--|--|
| Product Name: SIC-Silica Sulfonic acid |  |
| Catalogue No.: SICS12-002              | CAS No.: N/A   |
| Structure:                             |  |

|                                       |                          |
|---------------------------------------|--------------------------|
| Appearance                            | Off-white to white solid |
| Shape                                 | Irregular                |
| Bead size (Mesh)                      | 200 – 400 (40-75µm)      |
| Loading (mmol/g)                      | ≥ 0.60                   |
| Nitrogen Content (%) by CHNS analyzer | ≥ 2.3                    |
| Loss on drying (%)                    | ≤ 4.0                    |
| Pore diameter (A <sup>0</sup> )       | 55 - 65                  |
| Pore volume (cm <sup>3</sup> /g)      | 0.68 – 0.78              |
| End capping                           | Yes                      |
| Storage (°C)                          | 2 - 8                    |
